

APPLICATION FOR APPROVAL OF A CHARITY

The Chap-Aid Association was set up as the charity arm of the Chaplaincy of Aquitaine. Its aim, as stated in the statutes, is:

To enable the Chaplaincy of Aquitaine (an Association Cultuelle under the law of 1905) to provide relief for those in need, to support outreach and care to individuals and groups in France and in other countries, and to collect and distribute funds for these purposes, in a spirit of Christian concern.

Any charities which are being proposed must clearly fulfill this aim, according to the law.

In order to comply with the relevant charity law, the Trustees have a duty to ensure that our supported charities operate with the appropriate guidelines.

Then send the document to the Association's Vice President:

Mr Iain McGrory
65 Rue de Montpon
24610 Saint-Meard de Gunson

or e-mail to: ircmcgrory@gmail.com

Please do not organize any fundraising activities until the Trustees have given their formal approval.

With many thanks for your concern in helping others.
